

Health, Safety & Environmental Policy

MGC Civil is a Civil Construction Company specialising in land development and sub-division. It is the policy of MGC Civil to provide a healthy working environment for all its employees and sub-contractors.

We recognise that safety and environmental protection is a key performance indicator and that if we are to achieve our operating and business objectives in the most effective and efficient way, adherence to high standards of HSE Management is essential.

Our goal is zero incidents, injuries, illness or environmental damage and our aim is to protect personnel and to demonstrate by our HSE record, that we are a caring company.

Our policy objectives will be achieved by giving due consideration to issues of health, safety and the environment, in all stages of;

- Planning and construction to incorporate systems to eliminate or control hazards:
- Commit sufficient resources for the effective implementations of health, safety and environmental management systems in all areas of our operations.

Ensure all personnel are competent and suitably skilled to undertake the duties for which they are employed in a productive and safe manner.

- Continue to develop a continuous program for education and training to enhance and increase health, safety and environmental awareness.
- Collectively support and participate in the promotion of pro-active health, safety and environmental management systems and strive for continual improvement.
- Preventing pollution, reduce waste and minimise the consumption of resources thus promoting the protection of biodiversity and ecosystems
- Ensure environmental protection considerations from our suppliers and sub-contractors
- Ensure all management levels and the work force understand and accept their health, safety and environmental responsibilities and are held accountable for those matters within their control
- Only engage competent sub-contractors who can demonstrate health, safety & environmental management systems or who can comply with our own HSE Management System
- Comply with all applicable legal and other requirements to which MGC Civil subscribes to and relate to its HSE and Environmental Aspects, Objectives and Targets

MGC Civil is committed to continual improvement of its HSE performance.

This Policy will be communicated to all staff, contractors and suppliers and be available to the public through selected media

The responsibility for monitoring and upgrading of MGC Civil safety systems and procedures lies with the management team with the cooperation and input of all members of staff.

Daniel Murphy
